

**Personal, Social and Emotional Development**

We have been learning to help each other and think about how someone else may be feeling.

**Communication and Language**

We have had lots of things in class to be curious about. This helps us to ask questions and talk about what we observe and find out.

**Physical Development**

We have enjoyed dance in our PE sessions and there have been lots of activities to help our fine motor control and letter formation.

**Literacy**

We loved book week! We shared lots of stories and poems. We have also visited the local library together.

In Reception we have been...  
March 2023

**Mathematics**

We had lots of fun during maths week! We did lots of counting and problem-solving.

**Understanding the World**

We had some duck eggs and watched them hatch! We have observed the changes and talked about life cycles.

**Expressive Art and Design**

We have been inspired by the natural world to create art. We have taken the creative resources outside.
