

Reception News January 2023

Freeflow

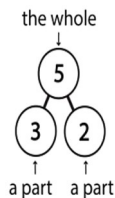

We have been learning about people who help us. We have enjoyed making collage pictures in the pod, role playing schools, dressing up as police officers, firefighters and vets.

We loved learning about road safety and helping our friends at the 'car wash.' We have shown good detective skills looking for clues to solve a mystery!

Maths

We have looked at part whole models and the composition of numbers to 10.

Personal, Social, Emotional.

We have continued to learn to share with our friends and use timers to help make sure everyone gets a fair turn. We have talked about people in our school community who help us.

Literacy.

We have used our letter sounds to write lists of people who help us. Some of us are learning to write simple sentences using all the sounds we can hear. We have made books about people who help us and became detectives to inspire other writing opportunities.

Physical Development.

We are enjoying inside and outside PE. We are learning how to get changed independently. We are learning to work together in activities.

Independent Learning.

We call this explore and learn time, it's when we try to do things on our own. We have just started to use our explore and learn books. We can write our name or a sentence. We can draw pictures and label them or write a story. We can write numbers and draw a part whole model. We try to have a go at doing the things our teachers have shown us.

Visitors

We wrote to people in school and asked them to come and visit us to talk about how they help us. Some of our grown ups visited to talk about their jobs in roles that help the community. We have been thinking carefully about how to ask questions
