

We have started a new topic all about Dragons!

Our core texts

In maths we have been learning about division and shape.

March 2025
Year 2 News

We have been writing:

- Instructions
- Predictions
- Poems
- Character descriptions
- Letters

In art we have been very creative!

We have focused on dragon eyes and looked carefully at them. We have sketched them, used pastels to blend the colours and made a dragon eye out of clay.

In PE we have been continuing with our gymnastics. We have been creating sequences on the equipment and thinking about how to link our core shapes. We have also been learning about safety when lifting and carrying.
