

In February Year Two learnt about the Great Fire of London. We enjoyed watching a real fire in the school fire pit, writing poems about fire, writing diary entries and making information posters.

We learnt about what happened through reading a story set at the time as well as learning from a selection of non-fiction books. Here are some displays showing the wonderful work the children produced.

In Art we learnt about the artist Megan Coyle. We used her ideas and techniques to create our collage pieces based on The Great Fire of London.
